Rosés are the ultimate summer wine! Bright & vibrant, with beautiful hues from pale pink to almost red, they often have pronounced aromas of strawberry and watermelon and are mouthwateringly refreshing on the palate. Their crispness and acidity make them outstanding aperitifs, and they are beautiful wines for pairing with food. Salads and pastas, fish courses and poultry are all excellent partners, but given the right ingredients, these wines will make a perfect match with many cheeses. We have an amazing selection of Rosés from many countries as well as our own backyard. Rosés are just the ticket to make summer (and all year) just that much more fun!
