We are very excited to introduce Oliver's Own Bourbon, an exciting new addition to our line of Oliver's Own products! This Kentucky Bourbon was distilled from a mash bill of 78% corn, 10% rye, and 12% malted barley, and aged for six years. The result is a smooth, well integrated bourbon with rich notes of caramel, along with hints of allspice and nutmeg. This release represents years of effort and is a good reminder that sometimes patience can lead to greater rewards. We couldn't be happier with the result!
