THE CAP

Screw tops allow little to no air whereas a cork is porous, and allows tiny amounts of air onto the wine. If no air gets to the wine, it feasibly should last forever or at least will age much more slowly than a wine under cork.

THE COLOR

Zinfandel has a lighter color than its other rich counterparts like Cabernet Sauvignon and Merlot. In the glass, Zinfandel has a deep, layered red color.

FLAVORS

Zinfandel is a red wine with a fruity, spicy flavor profile. It's known for its dark fruit flavors, like blackberry, plum, and blueberry, balanced by spice.

THE YEAR

Zinfandel can age for 2-20+ years, depending on the producer and the wine's quality. Some say that Zinfandel is best consumed within 5 years, while others say it can age well for 20+ years.

ALCOHOL CONTENT

Zinfandel wine typically has an alcohol content of 13-16%, but can be as high as 17% ABV.

AROMAS

Zinfandel wines can have aromas of blackberry, plum, cherry, raspberry, anise, pepper, tobacco, vanilla, toast, and spice.
